NOTICE OF INTENT TO TERMINATE PERMIT
FOR A SOLID WASTE DISPOSAL FACILITY

The Tennessee Department of Environment and Conservation (TDEC), Division of Solid Waste Management (DSWM), has tentatively decided to terminate the solid waste disposal facility permit for the ALCOA South Plant Demolition Landfill, currently permitted to Alcoa Inc., formerly Aluminum Company of America. The facility, identified as DML 05-0004, is located northwest of the ALCOA South Plant and east of Bessemer Street in Alcoa, Tennessee (latitude 35°46'50" N/ longitude 83°58'30" W).

This facility is permitted for the disposal of specified demolition wastes originating at the Aluminum Company of America South Plant. No hazardous wastes, as regulated by the Tennessee Hazardous Waste Management Act (Tennessee Code Annotated, Section 68-212-101, et. seq.) and the Rules adopted pursuant to the Act, were allowed to be accepted for disposal at this facility. The official responsible for operation of the facility is Mr. Craig West, Sr. Staff Environmental Administrator, ALCOA Tennessee Operations, 2300 North Wright Road, Alcoa, TN; telephone: 865-977-2475.

DSWM has determined that Alcoa Inc., formerly Aluminum Company of America, has satisfactorily completed the post closure care period. Previously, DSWM had approved in June 1997 the closure of this demolition landfill. Since the closure, DSWM has conducted 16 site inspections. On June 23, 2006, DSWM conducted a final inspection; and there were no field observations to justify extension of the post closure care activities. In addition, DSWM received a formal request from Alcoa Inc. dated July 24, 2006 to end post closure care and release of financial assurance. DSWM acknowledges that the ALCOA South Plant Demolition Landfill has met closure and post closure requirements of their permit.

It is the present intent of DSWM, pending consideration of any contrary information received during the public comment period ending on November 16, 2006, that this permit be terminated. The background data leading up to this tentative decision are available for public inspection in the Public Access Area at the TDEC Knoxville Environmental Field Office, 3711 Middlebrook Pike, Knoxville, TN 37921; telephone: 865-594-6035.

During the public comment period provided, any interested person may submit written comments on the termination of the ALCOA South Plant Demolition Landfill permit. The public is invited to submit comments in writing to: Mr. Mike Apple, Director, Division of Solid Waste Management, 5th Floor, L&C Tower, 401 Church Street, Nashville, TN 37243-1535; telephone: 615-532-0780. Comments must be received by 4:30 p.m. (CST) on Thursday, November 16, 2006, to assure consideration. After considering all public comments, the DSWM Director will issue a final decision, which can be viewed at the TDEC Environmental Field Office in Knoxville.

The Tennessee Department of Environment and Conservation is committed to principles of equal opportunity, equal access, and affirmative action. Contact the EEO/AA Coordinator at 1-888-

867-7455 or the ADA Coordinator at 1-866-253-5827 for further information. Hearing impaired callers may use the Tennessee Relay Service at 1-800-848-0298.

Persons who wish to be on the Division of Solid Waste Management's mailing list should obtain a Mailing List Request form by calling or writing the Public Participation Officer, Division of Solid Waste Management, Tennessee Department of Environment and Conservation, 5th Floor, L & C Tower, 401 Church Street, Nashville TN 37243-1535, telephone: (615) 532-0798, email: solid.waste@state.tn.us.
